Note
The activation process for the business license has changed with TeamViewer 13 and aligned with the process for the other license types. The license is now linked to your TeamViewer account. Thus, your license needs only to be activated on your TeamViewer account and doesn’t have to be activated locally anymore. For the licensed use of TeamViewer, you need to be logged-in with your account.

1 How to activate your Business license:

Your invoice contains a brief introduction. The process is explained in more detail here.

- Install and open TeamViewer on your computer: Download Now
- Click the ‘Activate now’ link in the activation email you received from TeamViewer. The TeamViewer Management Console will then open on your computer’s Internet browser.
- Log in with your existing account or create a new account.

- If you logged-in with an existing account, your Business license will be automatically linked to this account.
- If you created a new account, you will receive a confirmation email. Please validate your account by clicking the link in the confirmation email. Your new Business license will then be linked to your new account.

Hello,
Thank you for registering your TeamViewer account. To finally activate your account please click the following link.
https://login.teamviewer.com/activateaccount.aspx?time=f4f511b0b2b38f44e0d1b6f30f5cbb95
If clicking the link doesn’t work you can copy the link into your browser window or type it there directly.
Regards,
Your TeamViewer Team
2 How to use the Business license after activation

- You need to log in to TeamViewer via your Computer & Contacts list to use your TeamViewer Business license.
- Open TeamViewer, navigate to the tab Computer & Contacts, and log in:

  ![Sign in to TeamViewer](image.png)

- After logging-in, you are authorized to start remote connections.

**Note**

You can check the activation via Help -> About TeamViewer. It should say Account License: Business

You can find further details on Remote Control and the Management Console in our TeamViewer User Manuals:

**User manuals**

If you have further questions, please feel free to send us a ticket with your request:
